Parent Workshop - Math

After the February PTA meeting, a parent workshop was conducted by our Math Specialist, Ms. Rajwan. It was an informative presentation on Math and the NYS Math Tests to be administered to Grades 3,4 and 5 in May. At PS 24Q, we are preparing our students with test taking skills, however, we believe in consistent instruction, not just test prep. Our focus is to provide daily instruction to students and to teach our students life long learning skills that will help them to be successful in college and beyond. We invite parents to join us as partners to support everyday learning for our children.

Parent Stress Reduction Workshop

PS 24Q invited Leslie Kraut from the Samuel Field Y to address the concerns of stress and how to reduce stress. Leslie said that we all feel stress in a variety of sad and happy situations and it is not an uncommon reality. He offered advice and introduced simple stress reducing practices such as:

- ⇒ Taking deep breaths with your eyes closed
- ⇒ Yawning 5 times

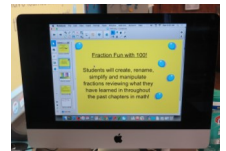

This workshop is one of many that are planned to support our parents; let us know what you think of them.

Mid-Winter Recess— NO SCHOOL—February 20th through February 24, 2017
Return to School — Monday, February 27, 2017

100 Days of School and Parents As Partners Workshop

Kindergarten, first and second grade classes treated their families to wonderful songs and amazing projects and presentations in celebration of **100 DAYS of SCHOOL!** Our third, fourth and fifth grade classes challenged and excited their families with special math activities in the classroom.
We are all 100 Days smarter!

Learning Everyday
