Health Insurance Enrollment Policies

The federal Affordable Care Act requires everyone to obtain health insurance.

Please explore health insurance options and apply online using the NY State of Health website. If you qualify for Medicaid or Child Health Plus, you can enroll online all year long, but should do so as soon as possible to avoid paying a penalty. Students and their families who do not qualify for Medicaid, Child Health Plus, or the Essential Plan may enroll online in private health insurance plans during the next open-enrollment period, which runs from **November 1, 2016**, through **January 31, 2017**. Families may also be able to enroll in private health insurance outside of the open-enrollment period if they experience a qualifying event, such as a job loss or the birth of a child.

For questions, or for information about your school's enroller, contact Sol Luz Melendez at smelendez7@schools.nyc.gov or 718-391-8263.
